

# [Food Waste Management]

## Meeting Minutes (2)

Location: Virtual Meeting

Date: 06/16/2023

Time: 09:50 A.M

Attendees: Bharath Meduri and Suyes Sapkota

### Agenda items

The meeting focused on discussing the implementation of a secure login process and user registration system, ensuring the safe storage of user information, verifying user credentials, and designing a user-friendly profile page. The following points were discussed:

1. Secure login process for user information.
2. Procedure for new user registration and account creation
3. Utilization of a database or user management system for secure storage of user information.
4. Verification of user information and authorization confirmation.
5. Design and implementation of a user-friendly profile page for updating personal information.

Action items	Assignees(s)	Priority	Status
<a href="#">To Implement user authentication</a>	Bharath Meduri	High	In Progress
<a href="#">To design user account interface</a>	Suyes Sapkota	High	In Progress

## Conclusion

During the meeting, Bharath Meduri and Suyes Sapkota discussed and agreed upon the implementation of a secure login process, user registration system, and user-friendly profile page. Bharath Meduri is currently working on implementing user authentication, while Suyes Sapkota is focused on designing the user account interface. These action items have been given high priority and are currently in progress.
